What Our Clients Say

"My experience with Spitting Pig from start to finish has been so easy! Initially started from a quick Google search, I found Spitting Pig quickly and the clear website made it easy to find what I was looking – a local hog roast supplier.

Comms with the team have been swift and accommodating, menu choices were vast and all appealing! Set up on the day was quick, efficient and professional. Staff were polite, friendly and courteous. Food prep was done on site using fresh ingredients, the pig smelled divine whilst in the roaster!

The food was absolutely delicious – the best pork I have ever had. There was an excellent selection of bread rolls/wraps to choose from, a fantastic vegetarian option (halloumi skewers), the stuffing and apple sauce was also delicious and the fresh salads and new potatoes were really yummy too. Service was good and no scrimping on portions! It was a perfect set up and we had amazing weather – lovely and sunny. The team packed away so quickly, leaving no hint on site that they 'd ever been there. An absolute first class service and I'm already looking for a reason to use them again soon!"
